

**TRI GENERAL IMPROVEMENT DISTRICT  
PUBLIC WORKSHOP ANNOUNCEMENT  
PROCESS WASTEWATER DISCHARGE RATES**

TRI General Improvement District will be hosting a public workshop to discuss the proposed Process Wastewater Discharge Rates that could affect Process Water Customers discharging industrial wastewater to the Asamera Effluent Storage Reservoir. Members of the public, stakeholders, and TRIGID customers are all invited to attend the workshop to learn more about the proposed rates, ask questions, and provide feedback.

DATE: February 22, 2024

TIME: 2:00 to 3:00 pm

LOCATION: TRI General Improvement District Administrative Office  
440 USA Parkway, Suite 440  
McCarran, NV

VIA ZOOM: <https://us06web.zoom.us/j/5118278050?omn=83440987338>

Dial by your location

+1 669 900 6833 US

Meeting ID: 511 827 8050

Please note: This public workshop is intended to present information regarding the rate analysis completed by TRIGID's District Engineer and to solicit input from customers, stakeholders, and the public. No action of the Board of Trustees will take place at this workshop. This item will be considered for action by the Board of Trustees during the regularly scheduled March 7, 2024, Board of Trustees meeting.
